

# Creating Inclusive Schools and Classrooms While Embracing Higher Learning Standards for All

This seminar is designed to help you be the best in the classroom for *every* student.

REGISTER USING THE QR CODE OR  
ONLINE: <http://tinyurl.com/DSFF2017>

This session will provide an overview of effective strategies for including students with unique abilities in the general education setting. The day will focus on practical strategies for teachers and inclusionary teams related to Universal Design for Learning (UDL), co-teaching, behavior management, technology and differentiating instruction. The workshop will focus on practical classroom applications to support teachers with the **WHY, WHAT and HOW** of creating inclusive classrooms that work for everyone.

### Specific strategies addressed that can be used immediately:

- Creating a school-wide culture for co-teaching and inclusion
- Interdisciplinary collaboration
- Effective co-teaching
- Understanding and implementing effective modifications & accommodations
- Active learning
- Grading and assessment
- Technology tips & tricks for the classroom

Don't miss this chance to develop your personal framework to improve and optimize teaching and learning for all of your students based on proven insights and research about making the most of every teaching opportunity.

### Who should attend?

- ◆ General Education Teachers K-12
- ◆ Exceptional Education Teachers K-12
- ◆ Administrators
- ◆ Para Professionals

The information covered will be beneficial to **ALL** professionals interested in achieving the best results for **ALL** students.

Deepen your knowledge and gain practical skills this summer!
